

SUSTAINABLE FLORIDIANS

UF UNIVERSITY of
FLORIDA
IFAS Extension

AN EDUCATIONAL VOLUNTEER PROGRAM

Want to encourage sustainability in your community,
but don't know where to start?

Become a certified Sustainable Floridian

Course topics include:

Sustainability and the good life: Learn the connection between the two, as well as about barriers to community sustainability.

Eco-footprints and eco-handprints: Shrink them! Making sustainability work in your community.

Energy: Conservation statewide and in your own home.

Water: Quality and quantity in Florida. Learn to save water indoors and out.

Transportation and land use: Urban planning solutions and personal transportation options.

Leadership and community: Bring sustainability to your community.

Attend this seven-week course and arm yourself with practical and detailed Florida-specific knowledge of the how and why of sustainability.

Schedule:

Information session (mandatory): May 31 | 6 – 7:30 p.m.

Register by May 30

Class dates: 6 - 8:30 p.m. | Tuesdays, June 21 - August 9

Apply by June 10
