

# Central Florida Community College Learning Success Initiative "The Learning Communities"

**SPRING 2008**

*TWO classes ----- TWO instructors*  
*SAME students ----- Many of the SAME assignments*  
*Instructional and peer support*

## **What are Learning Communities?**

Classes that are linked in order to unite groups of students and instructors.

## **Why use Learning Communities?**

Students receive additional instruction, techniques, and activities on improving math and college success skills.

## **Student Benefits**

- Higher GPA and lower dropout rates
- Stronger connection with classmates, faculty, staff, and campus activities
- Higher satisfaction in courses
- Assistance in making a smooth transition to college
- Enhanced leadership skills by working collaboratively with other students
