

CLEP Policy

Course Credit Awarded for CLEP Examinations

Central Florida Community College welcomes a variety of students of all ages to our campuses. Many students bring a depth of knowledge to specific subjects. We recognize and honor such knowledge by awarding credit for College-Level Examination Program (CLEP) examinations. Section 1009.539, Florida Statutes, requires the Articulation Coordinating Committee (ACC) to establish passing scores and course and credit equivalents for CLEP exams. Public community colleges and universities in Florida are required to award credit for AP, IB, CLEP, DANTES, AICE and Excelsior College exams as designated. Credit awarded by exam may not duplicate other credit. Institutions may not award credit for scores below those listed by the ACC. CFCC students may satisfy up to 45 semester hours of course credit through any combination of credit by examination (e.g., CLEP, AP, &/or IB) hours toward graduation are recorded as "credit by examination" with no grades or quality points given. These credits do not affect a student's grade point average. **Score minimums, credit hours awarded, and course equivalencies awarded are subject to change for any examination without prior notice.**
